

Creekside

at Amherst

Since 1969, Skyline has specialized in providing a high quality living environment for a reasonable price. We are large enough to offer a full range of apartment and townhome options, but small enough to keep things on a personal basis. We strive to provide residents the best service possible. It is our sincere goal to make all our residents so pleased with the management of their community that they won't hesitate to recommend Skyline Property Management to others.

Skyline, where we know that it's not just a place to live, it's your HOME.
